Information:

Academic Performance

- Average scores range between 62%–67% across SSC, HSC, Degree, and MBA
- Majority of candidates fall within 60%–75% (25th–75th percentile)
- Indicates a stable, consistent, mid-performing talent pool
- Limited but present high achievers (90%+)

Employability Strength

- Average score 72%, higher than academic performance
- Top 25% score 83%+, showing strong aptitude
- Key Insight: Candidates are job-ready with strong practical skills

Salary Distribution

- Median salary: 265K (typical candidate expectation)
- Majority range: 240K – 300K
- Top performers earn 300K+, with outliers up to 940K
- Indicates predictable salary bands with premium talent at higher cost

Percentile:

25% SSC-P:

1. 60.6% of data value exists between the range.

50% SSC-P:

1. 67% of data value exists between the range

2. Difference between 25%-50% is only 7%

75% SSC-P:

1. 75.7% of data value exists between the range
2. Difference between 50%-75% is only 8%

100% SSC-P:

1. 89.4% of data value exists between the range
2. Difference between 75%-100% is only 12%

Key Takeaway for Clients

- Consistent and reliable talent pool
- Stronger employability vs academic scores → good hiring potential
- Budget planning is stable, but top talent requires premium compensation
